PIRELLI ANGEL ST IS THE OVERALL TEST WINNER IN GERMAN

MAGAZINE

OVERALL WINNER

SPORT TOURING TYRE TEST

MAGAZINE

(GERMANY) JULY 2012

WE ARE VERY PLEASED TO INFORM YOU THAT IN THE LATEST SPORT TOURING TYRE COMPARISON TEST OF THE GERMAN PS MAGAZINE (PS 7/2012), PIRELLI ANGEL ST IS THE OVERALL 1ST PLACE WINNER.

The overall results are below: **Pirelli Angel ST**

1. Pirelli Angel ST
2. Metzeler Roadtec Z8 Interact M/O
3. Continental Road Attack 2
4. Dunlop Roadsmart II
5. Bridgestone BT023
5. Michelin Pilot Road 3

"The tyre with the best stability, excellent grip and very good feedback. Pirelli is a sporty sport-touring tyre and is **NUMBER 1** in dry conditions, while performing consistently well in the wet. Feedback is also very good from this tyre in wet conditions."

PS Magazine Conclusion

"The Pirelli Angel ST wins this test because of the excellent performance and durability in dry conditions, in combination with consistently good wet-performance. The new Metzeler Z8 Interact is second. The Continental Road Attack 2 takes 3rd place, but to perform its best it must visit a swimming pool. The bottom of the table is very close. Just one point separates the three competitors. Michelin and Dunlop are stronger in wet conditions where the Bridgestone counters these two with improved abrasion."
